Wisconsin Nurseries

W. J. MOYLE, Proprietor

Fourteenth Annual Catalog - 1916

PROGRESSIVE

Plant this variety and have fresh strawberries every day all summer. Fifteen of these plants will be given as a premium with every \$3.00 order if requested.

Union Grove, Wisconsin

Spring's Greeting

To our many Friends and Patrons:

The season of 1915 was in many ways the most remarkable we have ever experienced. In fact an ideal growing summer for Nursery Stock. Plenty of rain, with cool weather, gave us a beautiful growth on all our fruit trees.

We call special attention to our large and complete assortment of Apple trees listed in this catalogue. We were not without ripe strawberries a single day all summer; thanks to the Everbearers. And right here we want to speak a good word for the St. Regis Raspberry, as during September and October our canes were so loaded down with delicious berries that they laid on the ground with their weight.

We take this opportunity to thank all our friends for their liberal patronage in the past and will strive by square dealing to merit its continuation.

W. J. MOYLE.

Conditions and Terms

Order at Once. Make sure of getting what you want by ordering early. If you are short of funds now, send one-third cash with order, and we will hold stock; and balance can be remitted later, before shipping season.

Terms Cash, or part cash with order; and balance as above stated. **The Prices** given in this Catalogue are for quantities named, but five will be sent at the ten rate, fifty at the 100 rate, 500 at the 1,000 rate.

Shipping. We make no charge for packing, boxing, etc., and all stock is delivered to forwarders in good order, properly labeled and correctly packed. Freight and express charges are in all cases paid by the purchaser.

Special Low Express Rates are granted by all express companies on shipments of plants, about 20 per cent less than merchandise rates.

Complaints, if any, must be made at once upon receipt of stock, and, if just, will be cheerfully rectified.

We guarantee good stock and good packing.

While we exercise the greatest care to have all stock genuine, we do not give any warranty, and in case of any error on our part it is mutually agreed that we shall not at any time be held responsible for a greater amount than the original price of the goods.

Plants by Parcel Post. Gooseberries, currants, raspberries, blackberries, strawberries, grapes, shrubs, roses, peonies, vines and gladiolus, in limited quantities, can be cheaply sent by parcel post. As we have no method of telling what the postage on your shipment will be until packed, ready to go, we suggest that when your order is sent by mail, you agree to refund the postage due us on receipt of your stock.

Light apple trees and little evergreens can also be sent by parcel post but large apples, pears, cherries, plums and shade trees should in all cases be shipped by freight or express.

Bartlett—Large, buttery, juicy, high flavored, great bearer; very popular.

Clapp's Favorite—Very large, yellow and red, with russet specks, melting, rich.

Tyson—Medium, melting, juicy, good; the best summer pear.

Duchesse—Very large, buttery, rich juicy, excellent. It succeeds to perfection and is the most popular market variety as a dwarf.

Howell—Large, yellow, with red cheek, rich, sweet, melting, early bearer, productive.

Flemish Beauty—Large, juicy, rich; one of the hardest and most popular.

Clairegeau—Its large size, early bearing, productiveness and great beauty make this one of the most valuable market sorts.

Seckel—Small, skin rich yellowish brown, when fully ripe, with deep brownish red cheek; flesh very fine grained, sweet, exceedingly juicy, melting, buttery, one of the richest and highest flavored pears known.

Anjou—Large, buttery, melting, rich vinous. The best late fall and early winter variety.

Sheldon—Medium size; yellow, with a richly shaded cheek; flesh a little coarse, melting, juicy, with a very brisk, vinous, highly perfumed flavor; of first quality. Tree vigorous, erect and handsome, hardy and productive.

Keiffer—Its large size, handsome appearance and remarkable keeping and shipping qualities make it exceedingly profitable for market.

Russian Apricots

25c each; \$2.00 per 10.

These are quite distinct from the European varieties, hardier, and will produce fruit when other apricots fail. Recommended where peaches cannot be grown. They are all early bearers and productive.

Alexander, Alexis and J. L. Budd.

Superb—A hardy seedling from Kansas. The best flavored, most productive, hardy apricot yet produced. Golden yellow.

juicy. The tree is hardy and productive. Good for general planting and market purposes.

Forest Garden—The fruit is very large and round, purplish-red, mottled with yellow, juicy, sweet and rich. The tree is clean, healthy, vigorous and productive.

Hammer—Of large size, firm, juicy and delicious. Tree is a good strong grower.

Hawkeye—The tree is hardy, thrifty and an annual bearer. The fruit is large, light in color, mottled with red, of superior quality, very firm and an excellent shipper. It ripens in September.

Surprise—The tree is a strong, upright grower, withstanding the most severe winters without injury. The fruit is large, deep red in color, and has good keeping qualities. The flesh is very firm and of an excellent flavor.

Red June—Recommended as "by all odds the best Japanese Plum, ripening before Abundance." One of the vigorous, upright growers; productive; fair size, vermilion red, pleasant quality.

Prof. Hansen's New Plums

We have fruited these wonderful plums on our grounds and can truthfully say they are the most remarkable creations in fruits of the present day.

Hanska, with its beautiful appearance, high color and rich fragrance and flavor, is a real acquisition.

Opata is a cross between the Sand Cherry and the Gold Plum. Bears the second year; fine quality and as hardy as a willow.

Sapa, much like a large Ox-heart cherry, dark flesh and juice. Fine quality. Five-foot trees at three years bear 1 to 1½ bushels, and keep it up. Every home in the country should possess from one to a dozen of these wonderful trees.

Price, nice little trees, 35 cents each; \$3.00 per 10; \$25 per 100.

Peaches

	Each	10	100
4 to 5 feet.....	\$.20	\$1.75	\$17.00

Crawford's Early—A magnificent large yellow peach of good quality. Early in September.

Crawford's Late—A superb, large, yellow peach. One of the best. Last of September.

Crosby—One of the hardiest, abundant bearer; medium size, bright yellow, fine quality. Middle of September.

Champion—A large, handsome early variety, creamy white with red cheek, sweet, rich and juicy. Hardy and productive. August.

Elberta—Large, yellow, with red cheek; flesh yellow, firm, juicy. Exceedingly prolific, sure bearer and hardy. The leading market variety. Follows Early Crawford.

WISCONSIN SEEDLING PEACHES.

For twenty-five years we have been growing a strain of hardy peaches from seed in our nursery for our own planting. These are so much harder than the common peaches that we succeeded in getting three crops out of five in Wisconsin. We have a hundred or more trees we can spare this season which we offer at 25c each, \$2.00 per 10, to any of our customers who wish to try them.

Houghton and Downing.....	10c	\$.80	\$ 7.00
Chautauqua, Carrie	15c	1.25	10.00

Downing—Large size, oval, greenish-white; plant very vigorous and hardy, with stiff, strong shoots; foliage heavy, covering the fruit from the sun, and resisting mildew; bears most abundantly and is profitable for market and home use.

Houghton's Seedling—A vigorous American sort; very productive; free from mildew. Fruit medium, roundish, smooth, of a pale red color; tender, sweet and of delicious flavor.

Chautauqua—One of the most prolific large gooseberries grown. Bush strong and vigorous, berries light yellow, free from spines and hair; veined and transparent; sweet and delicious.

Carrie—Is extremely vigorous and healthy in foliage, and promises good. Of fine quality and the most productive of all. The berries hang in clusters like grapes on the branches.

Currants

Each 10 100
Prices 10c 80c \$6.00

Cherry—Berries sometimes more than half an inch in diameter, bunches short, vigorous and productive.

Fay's Prolific—The leading market variety. Extra large stems and berries, uniform in size, easily picked, exceedingly productive.

Perfection—A grand currant, large berry of finest quality; two weeks later in ripening than Fay. Each 15c; \$1.25 per 10; \$12 per 100.

White Grape—Very large, yellowishwhite; sweet or very mild acid; excellent quality and valuable for the table. Productive.

Black Victoria—A strong, vigorous grower, making a neat bush of unfailing productiveness; fruit of fine flavor and enormous size; the largest black in cultivation.

Fay's Prolific. The Best Red Currant.

Raspberries

Prices	Each	10	100
10c	\$.35	\$2.00

Conrath—A very reliable early sort, especially valuable for evaporating.

Cumberland—Bush perfectly hardy; very productive; fruit enormous; quality unsurpassed. The great firmness of the berry makes it a splendid shipper, ripens just after the Palmer and before the Gregg.

Kansas—Jet black, firm and delicious, as large or larger than Gregg. The hardest black cap known, successfully withstanding the winters.

Columbian—A vigorous grower; canes often ten to fifteen feet in length and over an inch in diameter. Never suckers from the roots. Very hardy, enduring 28 degrees below zero. Fruit very large, dark red, bordering on purple; adheres firmly; rich, sprightly flavor.

Cuthbert—(Queen of the Market)—Large, conical; deep, rich crimson; firm; of excellent quality. A vigorous grower, entirely hardy, and immensely productive.

Golden Queen—Rich golden yellow. The flavor is of the highest quality, pronounced by some superior to Brinskle's Orange. In size equal to Cuthbert; immensely productive; a very strong grower and hardy enough even for extreme northern latitudes.

Loudon—Canes strong and hardy and wonderfully productive. Berries large, beautiful and of fine quality. Very desirable for home or market.

St. Regis Everbearing Raspberry—This wonderful raspberry marks a new era with this popular fruit. We have a large planting of St. Regis and during September and October we picked crates of the most delicious berries, in fact there were berries on the canes all summer long. Each, 10c; per 10, 40c; per 100, \$3.00.

Kansas.

Blackberries

Prices	Each	10	100
10c	\$.35	\$2.00

Ancient Briton—Medium size; melting; without core. Bush hardy, and very prolific. One of the very best old sorts.

Mersereau—A new berry of sterling qualities, which will doubtless become very popular as it becomes better known. Large size, good quality, hardy and productive.

Snyder—Extremely hardy; enormously productive; medium size; no hard, sour core.

Wisconsin Nurseries, Union Grove, Wis.

CHIPPEWA FALLS, WIS., May 11, 1915.

Dear Sir: I am enclosing the eight cents postage you paid on the raspberry plants. They came in good condition. Thanks for the extra ones.

Respectfully,
C. A. SCHMIDMEYER.

**Eldorado. The hardiest, most vigorous
and productive of all Blackberries.**

Eldorado—On account of the peculiar thick and elastic composition of the leaf of the Eldorado it stands in a class by itself. Rust or scalding sun have no effect on it. If you have been disappointed in growing Blackberries take our advice and try the Eldorado. We have the true blue stock.

Strawberries

Our plantings of Strawberries for spring of 1916 are without exception the finest we ever grew. Plants are thrifty, healthy and grown on new land and will be dug the day your order is shipped.

Our everbearing varieties are **true blue**, our stock having been secured at great expense. Don't fail to try some of these wonderful berries.

La Follette, **Warfield**, **Dunlap**, per 10, 20c; per 100, 50c; per 1,000, \$3.00.

McKinley, **Splendid**, **Gandy**, per 10, 20c; per 100, 50c; per 1,000, \$3.50.

NOTICE—To parties wishing plants sent by mail add 10 cents per hundred to cover cost of postage and packing. We can ship any distance by mail and plants will arrive in fine condition.

La Follette—The best plant maker, most healthy, vigorous, productive and the best seller of forty varieties grown by us the past eight years. The farmer's berry; try it.

Warfield—Imp. Medium size, roundish conical, dark red, very firm and a good shipper. A leading market variety.

Gandy—A very late berry; berries are regular, even size and firm. Commands a big price when other varieties are running out.

Splendid—Large size, good quality, and very productive. Medium to late.

McKinley—Large in plant and berry; very productive and of highest quality. The best for home use.

Senator Dunlap—Medium to large, conical, dark red, firm and of first quality, midseason. A vigorous grower and usually makes too many plants for best results, unless growth is restricted. It is as productive as Warfield, berries are better colored and a third larger.

Gandy. The Best Late Berry.

Mr. W. J. Moyle, Union Grove, Wis.

Hardy Grapes

	Each	10	100
One year, first class.....	10c	\$.80	\$7.00

Campbell's Early—The berries are large, often an inch or more in diameter, glossy black with a purple bloom, sweet and juicy, with few seeds. They ripen from the fifteenth to the last of August. As a keeper and shipper this variety is unequalled by any other American grape, while as a dessert grape it is delicious.

Concord—The well known standard variety, succeeds wherever grapes will grow.

Brighton—Bunch large, well formed; berries above medium to large, round; excellent flavor and quality; one of the earliest in ripening.

Delaware—Bunches small, compact, shouldered; berries rather small, round, skin thin, light red; flesh very juicy, sweet, spicy and delicious.

Lindley—(Rogers No. 9)—Berries medium to large, red; flesh tender, sweet and aromatic; ripens early.

Diamond—The leading early white grape, ripening before Moore's Early. White with rich yellow tinge; juicy, few seeds, almost free from pulp, excellent quality; above medium size, adheres firmly to stem. Fine variety for both market and home garden.

Moore's Early—Bunch large, berry large round, with heavy bloom, vine exceedingly hardy. Its earliness makes it desirable for an early market. Its hardiness particularly adapts it to Canada and northern portions of the United States.

Pocklington—Bunch and berries large, when fully ripe a light golden yellow; juicy, tender, sweet, with little pulp. Vine thoroughly hardy, strong grower, free from mildew; productive. One of the most satisfactory white varieties.

Worden—A splendid grape of the Concord type, larger, better quality and earlier. Vine vigorous; hardy and productive.

Lucile—The New Red Grape—is still ahead of all others for growth, health, hardiness, productiveness, size and beauty of clusters. We are glad to be able, this season, to offer our customers this wonderful new red grape, as it combines great hardiness, delicious quality and beauty of fruit. Don't neglect to have this grape growing in your garden.

Fine one-year vines, 25c each; \$2.00 per 10; \$18 per 100.

LARGE FLOWERING CLEMATIS.

Price for strong two-year roots, 25 cents each; \$2.00 per dozen; \$15.00 per hundred.

Duchess of Edinburgh—This is without doubt the best of the double whites. Very free flowering, very fragrant.

Jackmanii—From four to six inches in diameter, intense violet purple, with a rich velvety appearance and distinctly veined. The best.

Bangholm Belle—Flowers are large, six to nine inches in diameter. Pure white. One of the best.

Ville de Lyon—This beautiful Clematis is much sought after, but is very scarce. The color is a bright rosy red, entirely distinct from any other sort. A grand variety.

Gladioli

The Gladiolus is everybody's flower. They have no insect pests, grow in any soil, sure to bloom and have no equal as a cut flower. Once you get the bulbs you always have them, provided you keep them from the frost during winter. The bulbs increase in number every season. Our collection is unexcelled.

Extra choice Named varieties, 10c each; per 10, 75c; per 100, \$7.00.

America—A splendid new Gladiolus. The color is a most beautiful soft pink.

Baron Hulot—Rich deep indigo blue. No collection is complete without this rare sort.

Canary Bird—A lemon yellow chocolate blotch, of good size and substance.

Columbia—Flowers of immense size, in color, salmon-red, spotted and slightly flaked chocolate to white in throat.

Mrs. Frances King—A new variety which excited great comment and admiration, both for size of flower and beauty. The color of the flower is a light scarlet, of a very pleasing shade, which attracts attention at once.

Prinseps—A grand large flower, color brilliant scarlet-crimson, blotched white on the lower petals.

Augusta—Pure white with blue anthers.

May—White flaked rose, fine.

Gertrude—Bright lively pink, flecked and striped with shades of the same color.

Klondyke—Strong, vigorous plant, blooming early; flowers round, well opened, of a clear primrose-yellow, with blotch of vivid crimson on three lower petals.

Harvard—The largest and richest colored Gladiolus yet introduced. The color is a rich velvety maroon, slightly flushed dark scarlet.

Victory—Color, delicate sulphur-yellow, lower petals shaded a deeper yellow.

Golden West—One of the best exhibition varieties.

Velvet King—A fine early red. Hard to beat.

Princepine—Brilliant crimson with white throat. Great bloomer.

Lucille—Splashed white and red, alone in its class. Beautiful.

Europa—New and rare. The finest white.

Niagara—The one greatest Gladiolus. Creamy pink, beautifully exquisite.

Ophir—Creamy pink, blotched with crimson.

Lilly Lehman—A most beautiful shell pink, absolutely entrancing.
